## Guest Speaker Bio

### Michael Spencer

Michael joined Deutsche Bank in Hong Kong as senior economist in December 1997 and was made Chief Economist, Asia in 2000 and Head of Global Markets Research, Asia in 2003. With the integration of Deutsche Bank's fixed income and equities research departments, Michael now oversees all economics, foreign exchange, fixed income, commodities, credit and equity research in emerging Asia, Japan and Australia.

Prior to joining Deutsche Bank, Michael worked at the International Monetary Fund during 1990-97, the last six years of which in the International Capital Markets division, which pioneered the IMF's surveillance of capital markets and financial system soundness in all its member countries. He has published numerous articles on different aspects of financial economics in both academic and policy fora. Michael has a Ph. D. and BA (Hons) from Queen's University, Canada and an MA from the University of Toronto.
