

# Shaving the way to Conquer Kid's Cancer

Every month in Hong Kong five children lose their battle with cancer. This is clearly five too many.

The medical treatment given to child cancer patients causes their hair to fall out. In solidarity with these kids, the Michael Page team and I will be joining volunteers to have their heads shaved in public with the aim to raise as much money as possible in support of the St. Baldrick's Foundation and its research into childhood cancer.

St Baldrick's Foundation is the World's largest volunteer-driven fundraising event for childhood cancer research. In 2009 our team raised almost \$200,000 and our aim is to exceed that this year.

Visit [www.stbaldricks.org](http://www.stbaldricks.org) for more information.

Please also feel free to come along and support this great fundraising event.

**when** Tuesday, 27th April 2010

**time** 6.30pm

**where** Dublin Jacks in Lan Kwai Fong

We look forward to your support.

Anthony Thompson

Managing Director, Hong Kong and Southern China

Michael Page International
